LinkedIn: linkedin.com/in/husnain-ali-hb

Specialized WordPress Developer with 1 year hands on experience in building and optimizing responsive, SEO friendly, and high converting websites using WordPress and WooCommerce. Skilled in theme customization, child theme development, plugin integration, and performance optimization, with a strong command of HTML, CSS, and JavaScript(ES6) to enhance frontend functionality and user experience.

Experienced in developing eCommerce solutions, managing product structures, and improving site speed and usability. Currently pursuing a degree in Software Engineering, with a strong interest in advancing toward Full-Stack Development. Committed to delivering scalable, business focused web solutions and collaborating effectively in remote work environments.
